It may have appeared that the Sinkey family had tamed the twisted, but with a war disrupting their world as much as the tornado, there's even more to unravel. Alice Sinkey, Abigail's younger sister, gets the chance to tell her story in *Taming the Twisted Two: Reconstructing Rain* – from her estranged relationship with her best friend to dealing with a scoundrel she thought had left their lives forever, so she can leave her family safe when she escapes her stifling responsibilities to a new life. But she discovers that things aren't always what they seem, and the world away from home isn't always better.
